

Sinclair Broadcasting's plan to "force" it's owned companies to broadcast a certain kind of political speech shows very clearly the problem associated with having a single company own such a wide number of communication tools. You, "WE", should not allow a single company to EVER own this large number of broadcast facilities.

Since Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
